

MASHBUILD

100% BOURBON. 100% EXCLUSIVE.

BLENDED USING A SOLERA STRUCTURE.

YOUNGEST

OLDEST

Our bottles and labels aren't super sexy, but we are 100% okay with that. We know that every drop of bourbon that makes it inside a bottle of Mashbuild is 100% authentic, delicious, and unique because of the exceptional Solera style blending system we employ.

You might have noticed the emphasis on that 100%. It's because each exclusive batch of Mashbuild is blended from different barrels aging in our Solera, with different flavor profiles, and different ages, from 2 to 18 years, and because we're 100% transparent about everything we pour — it's all itemized in detail on every label.

Each batch of Mashbuild displays a slightly different expression of everything we think a great bourbon should be in a shockingly affordable — if not strikingly gorgeous — package. It's fine though, we're 100% beautiful on the inside.

IT'S WHAT'S INSIDE THAT COUNTS.

92 Points

"Exceptional"

"Inviting aromas and flavors of toasted marshmallow, clove...toffee-coated popcorn, and french burnt peanuts with a satiny...medium body and a tingling, intriguing, medium-long finish...A rich and nutty bourbon with classic style and cravable flavors."
