

MASHBUILD

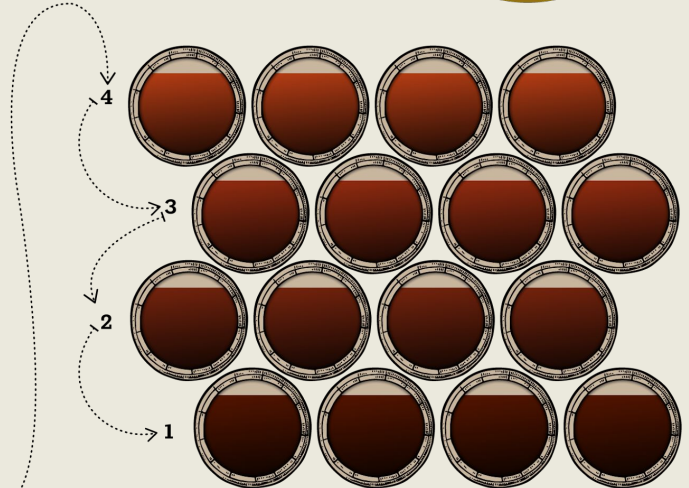

100% BOURBON.
100% EXCLUSIVE.

It's what's INSIDE that counts.

YOUNGEST BARRELS IN THE SOLERA

OLDEST BARRELS IN THE SOLERA

Our bottles and labels aren't super sexy. But we are 100% okay with that because we know that every drop of bourbon that makes it inside a bottle of Mashbuild is 100% delicious, and unlike anything else you'll ever buy at your neighborhood liquor store for under \$40.

You might have noticed the emphasis on that 100%. It's because each exclusive batch of Mashbuild is blended from different barrels aging in our Solera, with different flavor profiles, and different ages, from 2 to 18 years, and because we're 100% transparent about everything we pour – it's all itemized in detail on every label.

Each batch of Mashbuild displays a slightly different expression of everything we think a great bourbon should be in a shockingly affordable – if not strikingly gorgeous – package. It's fine though, we're 100% beautiful on the inside.
