

# MASHBUILD

BOURBON WHISKEY FINISHED IN TAWNY PORT BARREL

Tawny ports spend more time in the barrel than conventional port wines, seasoning the barrels more for maximum flavor; adding an extra richness to this bourbon.

**TAWNY PORT BARRELS  
FROM NORTHERN  
PORTUGAL**

Our bottles and labels aren't super sexy. But we are 100% okay with that because we know that every drop of bourbon that makes it inside a bottle of Mashbuild is 100% delicious, and unlike anything else you'll ever buy at your neighborhood liquor store for under \$50.

Our crafted Mashbuild Bourbon was finished in a 20yr old Tawny Port barrel imported from Portugal. Ports tend to lend itself to more decadent flavors of slight sweetness of raisins, peanut brittle, dates, syrup, with some nutty finishes. They are usually a perfect ending to round out a meal and pair well with desserts.

IT'S WHAT'S INSIDE THAT COUNTS

TASTING NOTES:

# 92

## Points

"Exceptional"

"Aromas and flavors of dried dates, pancake syrup, and raisin oatmeal cookies with a round...medium-to-full body and...complex, medium-length finish...notes of honey roasted nuts, raisins and dried red fruit...wet tea leaves, and cocoa nibs...like [drinking] liquified oatmeal raisin cookies."
